For Prior Use Credit	Information and Documentation for Credit		
All information will be reviewed and confirmed before your permit is issued or when water service is requested.	A credit against the Capacity Charge may be available for the prior building use. Any prior Standard water use at the existing premise location prior to the building permit issuance can be considered. ◇		
<b>16. Non-Residential Use, existing</b> Type of use & current meter size.	<b>Type of Use</b>	<b>Meter Size</b>	<b>Comments</b>
If necessary, please include additional information on a separate sheet. All information will be confirmed when water service is requested.			
<b>17. Residential Use, existing</b> Total number of Dwelling Units & current meter size.	<b>Number of Units</b>	<b>Meter Size</b>	<b>Comments</b>
<b>18. Prior Property Address Information</b> (if different from current project information.)			
<b>19. Prior Property Block &amp; Lot number(s)</b> , please list all (if different from current project information.)			

◇ In some cases, to qualify for a Prior Use Credit, documentation may be required to support the claim. This may come in the form of a Business Tax Certificate, Health Department Licenses, DBI permits, etc. For projects with both residential and non-residential, please list each type separately (attach additional pages if necessary).

**Declaration:** By signing below, I certify that the information I have provided above is correct to the best of my knowledge. I agree to notify the SFPUC immediately of any changes in this information so that the SFPUC Capacity Charge Division can adjust the calculated capacity charges as needed. I understand that for convenience and expediency, the information I am providing above will be used by SFPUC to determine a Capacity Charge amount. I agree to pay 100% of this amount prior to the issuing of the permit. Furthermore, I acknowledge that SFPUC may subsequently perform an audit to verify the information provided above and will, if necessary, revise the Capacity Charge amount. The effect of this is that there may still be a Capacity Charge balance due depending upon the outcome of SFPUC's audit of the information provided on this form. If applicable, the balance becomes due prior to the installation of new water service.
