ORDINANCE 52-19 VACANT / ABANDONED COMMERCIAL STOREFRONT

Abandoned or vacant commercial storefronts are a major cause and source of blight in both residential and nonresidential neighborhoods, especially when the owner of the property fails to actively maintain and manage it.

If you're a property owner and your commercial storefront is vacant or abandoned, you're required to register by completing an application and submitting annual registration fees to the Department of Building Inspection pursuant to Ordinance 52-19. In addition, you need to maintain and secure your property, even if partially unoccupied, to prevent blight and public safety hazards in compliance with Chapter 80 of the San Francisco Administrative Code, the California Environmental Quality Act, and all other applicable building, health, fire, and safety codes.

As a property owner, it is your responsibility to:

1. Fully complete the registration and submittal of the Vacant or Abandoned Commercial Storefront Registration Application with filing fees in the amount of \$711.00 within 30 days of building/property vacancy or abandonment.
2. Application completion requires submitting owner and agent contact information describing how the property has been secured against unauthorized entry, designating any future plans for the property, and providing fire and liability insurance coverage information.
3. Maintain the building interior in a manner which prevents damage by the elements or from plumbing leaks, free from accumulation of garbage and other debris, and free from infestation from rodents, insects, and other pests.
4. Maintain the exterior of the building and grounds in continual compliance with all applicable codes and regulations so as to prevent blight. This shall include the maintenance of landscaping and plant materials in good condition; the regular removal of trash debris and graffiti; a safe structure, which preserves physical integrity including paint and finishes, foundation, roof, chimneys, flues, gutters, downspouts, scuppers, flashing, skylights, windows, and exterior stairs and decks; prevention of criminal activity on premises and trespass by unauthorized persons; and the shut off of utilities not necessary for building maintenance.
5. Owner must submit an annual report from licensed professional confirming the storefront's interior and exterior has been maintained. The report must be provided at time of renewing the annual registration fee.
6. Post a sign at the front of the storefront or a property in a conspicuous location protected from the weather that provides the current name, and phone number of the owner of record and authorized agent, if different from owner. If notice of default or foreclosure has been recorded for the property, the lender's name, address, and telephone number must be provided. Signage shall be no smaller than 8 1/2 by 11 inches.

Frequently Asked Questions

Have you recently acquired property which had been placed on the Vacant or Abandoned Commercial Storefront list, and you wish to remove or deregister it as being currently occupied?

If title recently acquired by ownership or lease agreement is being occupied by you, you must provide proof of occupancy in order for the department to deregister your property from the Vacant or Abandoned Commercial Storefront list. Such proof of occupancy may be determined from the submittal of the following:

1. A copy of your most recent PG&E or gas and electric statement indicating property address
2. A copy of your most recent Recology or garbage statement indicating property address
3. A copy of your most recent PUC or water statement indicating property address
4. A copy of your most current lease or rental agreement indicating property address

Have you recently been issued a valid Building Permit Application for rehabilitation or construction of the Vacant or Abandoned Commercial Storefront?

Depending upon the type and scope of the building permit issued, you can contact the Building Inspector directly to ascertain if said permit will enable you to deregister the property from the Vacant or Abandoned Commercial Storefront list. Proof of permit activity would be a copy of the signed Job Card. You may contact the Code Enforcement Section at (415)558-6454 with any questions.

What if the Commercial Storefront (1) complies with all applicable codes, (2) does not contribute to blight and (3) the owner or leaseholder has filed or is actively seeking to obtain permits for rehabilitation and occupancy of commercial storefront?

If so, you should provide verification indicating this activity, including proof of working with various city agencies and progress of file application.

Have you recently sold property or had a transfer of interest in property that had been placed on the Vacant or Abandoned list, and you no longer wish to be identified as the owner of record?

If you have recently sold property or had a transfer of interest in property that had been placed on the Vacant or Abandoned list, simply notify our office that you are deregistering as the responsible party. Once informed, we will send a Vacant or Abandoned Commercial Storefront annual application package to the new owner of record, according to the Office of the Assessor-Recorder.
